Section 3 – On-going waste management for one or two dwellings	8
Section 4 – On-going waste management for three or more dwellings	9
Section 5 – On-going waste management for non-residential developments	10
Section 6 – Private roadway developments	11

#### **Purpose of the Waste Management Plan**

This *Waste Management Plan (WMP)* will detail the arrangements for waste management during all stages of development and occupation.

The WMP must be completed in accordance with the Waste Management Guidelines (Guidelines).

A completed WMP is a mandatory requirement for any Development Application (DA) for which Council is the Consent Authority. DAs that are submitted without a completed WMP will be rejected or refused by Council.

### **Structure of the Waste Management Plan**

All applicants are required to complete the 'Applicant and Project Details' part of the WMP and include it with the relevant Sections that apply to their proposed development.

The WMP is divided into Sections and applicants are only required to complete the relevant Sections in accordance with the Guidelines. The table below identifies which Sections are relevant to which development types.

For example, if the proposed development was to include demolition of an existing structure and construction of a single dwelling, the relevant Sections would be Sections 1, 2 and 3.

Section	Development Type <sup>^</sup>
Section 1 – Demolition	All
Section 2 – Construction	All
Section 3 – On-going waste management for one or	One or two dwelling developments
two dwellings	Mixed-use developments containing
	one or two dwellings
Section 4 – On-going waste management for three or	Three or more dwelling
more dwellings	developments
	Mixed-use developments containing
	three or more dwellings
Section 5 – On-going waste management for non-	Commercial developments
residential and mixed use developments	Industrial developments
	Mixed-use developments
Section 6 – Private roadway developments	Private roadways

<sup>^</sup>Note: the definitions of the development types are provided in Section vi of the Introduction to the Guidelines
