Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

The comments in this referral relate to the following applicable controls and provisions:

- Warringah DCP – Clause E2 Prescribed Vegetation
- Warringah DCP – Clause E6 Retaining Unique Environmental Features

The proposed development will take place within an existing developed area and minor landscaped gardens. No native vegetation or trees are proposed for removal. As such, impacts to flora and fauna and nearby biodiversity values is considered unlikely.

It is noted that a Bushfire Assessment Report has been provided with the application, this notes that the property is to be managed as an Inner Protection Zone.

No objections in relation to biodiversity, subject to conditions.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:
