**RE: DA2025/0930 - 2 / 15 Narabang Way BELROSE NSW 2085**

To Whom it may concern, We are the next building down in this complex. Our concern is parking as we have a dance studio next to us and the patrons continuously park in our spots. A gym has just moved that were across from us and we constantly had trouble with patrons parking in our car spots. After many complaints from us they have moved. How are you going to stop patrons parking in spots that do not belong to the gym? There are only 3 allocated spots for the gym and never much street parking. It will become a problem for all of us. When we approach these illegal parkers they just say sorry and race off in their cars. Thankyou Carol from Sleep Electric
