RE: DA2024/0123 - 10 Inman Road CROMER NSW 2099

Feels Pilates is an incredible community based Pilates studio based in the northern beaches that currently employs 15 women and will be able to employ more when Cromer is able to open. We are beneficial to the community as a fitness studio that supports pre and postnatal clients and young through to elderly clients (the oldest being 80!!). We benefit the community and bring a lot of clients to any area we establish ourselves. Pilates is something that everybody should have access too as it is so good for the mind and body!
