RE: DA2021/1229 - 7 Pavilion Street QUEENSCLIFF NSW 2096

We object to the proposed structure on the basis of the following:

- Impact on views: The proposed structure has a major impact on Unit 1's beach views
- Safety/security: Our garden and garden gate design are DA approved and the safety/security concerns are contrived (garden is fenced off and gate is locked at all times)
- Privacy: The construction of a new building on 5 Pavilion has not changed nr 7's privacy, since it is within the previous building's envelope, and is finished in accordance with its DA approval
