**RE: DA2025/0279 - 237 McCarrs Creek Road CHURCH POINT NSW 2105**

I wish to object to the proposed development on 237 McCarrs Creek Rd, due to the fact it will include the number of trees that will have to be removed, which are where the Black Cockatoos often feed and have been doing so for many years. Any of these trees have to be retained as some are on Council land, and the natural area, which we love, is being gradually desecrated to make way for new developments!
