Officer comments

The comments in this referral relate to the following applicable controls and provisions:

- Planning for Bushfire Protection 2019

The proposal would not require the removal of any native vegetation or trees. The proposed works would take place in a previously disturbed area of the site and are unlikely to impact upon native flora and fauna. Conditions are recommended given the proximity to the foreshore.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
