RE: Mod2025/0575 - 111 Addison Road MANLY NSW 2095

Dear Sir,

We note amended plans lodged 2/10/25 include a number of proposed amendments.

In particular amendment numbered 8: we have concerns on the two balconies upstairs on first level, with the now suggested extended length in balconies increasing by over 2.5 m each. This is at the rear of the development facing our boundary with line-of-sight view into our backyard. This is of excess bulk and space and impacts our privacy, causing a loss of amenity of our backyard. we object and request that you disallow this amendment.

Regards Tony and Lara Garrett
