**RE: Mod2025/0228 - 28 Lockwood Avenue BELROSE NSW 2085**

I am shocked that developers still think they can come through the back door to achieve their goals. Please help the Northern Beaches Council's planning department gain the trust of local residents by listening to us and holding the line. Keep developers accountable to the agreed plans. Do not let them add another storey and set a precedent of rule breaking. It will come bite us all in the future. Local all ready think Planning is in the developer's pockets. Please prove us wrong.
