Subject: DA2025/0132

Dear Council

I am writing to express my objection to the MacDonalds DA2025/0132 in Manly Vale.

The traffic at the roundabout at Kenneth Rd and Roseberry St is already often a gridlock and the addition of a MacDonalds is going to make it work. As a critical thoroughfare for emergency vehicles accessing Manly, this needs to be given significant planning. I would suggest an independent traffic study be completed (not one commissioned by MacDonalds).

Regards,

Edwina Mann
