**RE: DA2019/1478 - 1 Narrabeen Park Parade NORTH NARRABEEN NSW 2101**

This proposal would negatively impact the peace, the environment and the wildlife who migrate there. The noise level would be very high for the permanent residents and holiday makers. The area in question is on public land. In addition the noise level from live music would be too high and widespread as noise carries further over water. This restaurant already has outdoor seating. This spot abundant in beauty is to treasured and looked after. Pubs and Clubs are the place for this type of use. Public land is for the public not for commercial purposes. Thank you.
