RE: DA2025/0795 - 20 Carefree Road NORTH NARRABEEN NSW 2101

I would like to draw your attention to previous works at this property carried out without a DA, notice or my approval. Installation of new, very large kitchen window on the Eastern side of the property, that overlooks my whole backyard has taken my privacy away. I would like to see compliance certification of said window for privacy rules in my regard and structural soundness. Since as far as I know windows and doors cannot be moved/changed without a DA (back door position was moved). I can supply photos of original window if required.
Regards Jennifer Fuller.
