**RE: DA2024/1091 - 5 / 1 Careel Head Road AVALON BEACH NSW 2107**

I wish to express my astonishment in the extreme that you would even consider, in the present environment where the safety of children in childcare are front and centre, allowing a Dan Murphy's beside a childcare centre. Truly, words fail me that you could have such a tin ear. Would you allow a pub to be built next to a child care centre? Small children are valuable beyond the money to be made from yet another grog shop, is that 5 with a few kilometres. Needed? I think not, greed over care of children, I think so. Financial greed is at the bottom of much of our current child care crisis, and I ask you to personalise this, would you send your child or grandchild to a centre that shares its space with boozers?
