Subject: TRIMMED: proposed development @ 1careel head road and Barrenjoeyn rd

I wish to submit an objection to DA2024 /1091

I have lived at my current address for 48 years and previously 698 Barrenjoey RD prior to that time. I can say that the proposed plan is too much for this intersection. We already have a bottle shop @ North Avalon. The flooding problem also adds to the chaos there. Many Attempts to fix to no avail. I was told its below sea level so will always flood. The proposed no right turn is a terrible proposal. this will send my family and others who have a few cars and all the other residents to the Whale Beach Rd intersection. This is a very dangerous place to turn right. You have a blind bend to the left and tennis courts and Hitchcock Park to the right. There was a fatal accident there when a pedestrian was crossing from carpark many years ago. This is a recipe for disaster with all the sport and crowds .

North Avalon Rd is another poor example of a safe right turn.

The local streets will have a high volume of traffic they are already in bad conditions with pot holes.

Palm Beach used to be a joy to go to its now 60, then 50, then 40. speed limits poorly marked out.

No common sence Barrenjoey Rd is a main Road

Janice Sliman

119 Whale Beach Rd.
