RE: DA2019/1260 - 29 North Avalon Road AVALON BEACH NSW 2107

This is all about money and I totally object to the proposed development. Most of the buyers in this type of development seem to come into this area from the eastern suburbs they are not local people also this development is very close to Bangalley National Park as sensitive area for wildlife particularly birds out we've already lost our koalas some years ago and now a lot about birds particular small birds are disappearing that's why we have Avalon is the tick capital of Australia and rear of birds like owls I'll be coming very rare.
