RE: DA2024/1091 - 5 / 1 Careel Head Road AVALON BEACH NSW 2107

Burrawong Rd currently has parked residential cars along both sides, the full length of the road. This leaves a single lane for commuting cars. Also Burrawong rd is the route for Government and School buses (extra traffic).The Peak Period traffic movement assessed (13/ 06/24- the quietest time of year) will be 100 vehicles NOT reflecting Summer Retail traffic to Dan Murphy. There are many Pre and Primary School children living in Burrawong Rd - more traffic is a danger.
