**RE: DA2025/0599 - 9999 Warringah Road DEE WHY NSW 2099**

I have just returned from a holiday visiting my daughter in the UK and received this notification of DA it appears the submission period has closed. I would like to make comment of our concerns to the further restriction of light to our ground floor unit on the eastern side of our bordering property with the proposed extension of the building to the west and south as well as visuals of windows from our kitchen/laundry into the proposed bedrooms.
