RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107

As a local resident I was at first concerned about the size of the building but am now happy that it will be no higher than the very dilapidated building currently there. I therefore support the development application for 231 Whale Beach Rd.

My one concern is that the development won't lead to an increase in traffic or adversely affect the limited parking we have already.
