DA 2025/0573 94 Park St, 4 & 6 Kunari Place Mona Vale

Attention: Maxwell Duncan

Mona Vale Residents Association objects to the proposed development in its current form. Grounds for objection include the following:

- The objections expressed by local residents are supported.
- Significant concerns include drainage impacts, inappropriate four storey development out of character with the neighbourhood. Adverse traffic and parking impacts in Kunari Place and Park St.
- It is submitted that the proposal is inconsistent with requirements of Pittwater LEP 2014 and Pittwater DCP including the Mona Vale character statement.
- The proposed building height above 9.5 metres to accommodate a 4 storey development has not been justified.
- Removal of too many trees. The Government low-rise tree canopy guidelines for low rise-housing have not been addressed.
- Over-development of the site given the physical access and road constraints.
- It is not clear how the proposed affordable housing units will be managed and used for that purpose over time. How will the affordable housing usage of those units be legally enforced?
