**RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107**

The proposed development of cafes and apartments at Whale Beach is totally inappropriate. Aesthetically the building design is completely wrong..it is completely out of character for a secluded beach that has natural charm.

This design and development is better suited to inner city.

This building will be a total eyesore.

Show some sense and get a proper architect with an idea of what suits this special place.
