**RE: DA2023/1224 62 Myoora Road TERREY HILLS NSW 2084**

This proposal is of serious concern due to the location of the entry/exit driveway for trucks on Myoora Road. The proximity to the local primary school poses a serious and dangerous safety risk for children/parents as well as traffic, on an already narrow road. In addition, a major bus stop in Terrey Hills is also located there, so the risk with trucks and increased traffic will pose a significant safety concern.
