Re: Development DA 2019/0154 Mod. 2022/0471

Thank you for the notification.

I note that the proposed changes will mean an increase in the height of the building and its size. I do not think this is appropriate and believe it will affect my view and therefore the value of my property. I am also concerned there will be noise from the occupants of the building.

I can see that the changes needed for the fire requirements are necessary and the removal of the tree can be compensated for with other vegetation.

Yours,

Mrs E. Barker
