

Parks, Reserves and Foreshores Referral Response

| | |
|--|---|
| Application Number: | DA2020/1465 |
| Date: | 11/03/2021 |
| To: | David Auster |
| Land to be developed (Address): | Lot 4 DP 601758 , 4 / 0 Bennett Street CURL CURL NSW 2096 |

Reasons for referral

This application seeks consent for any application on land or land being adjoining or adjacent to any parks, reserves, beaches, or foreshore
And as such, Council's Parks, Reserves and Foreshores officers are required to consider the likely impacts of the proposal.

Officer comments

The development application is for alterations and additions to the existing Harbord Bowling Club, including refurbished football courts with new synthetic grass playing surface, fencing & netting surrounding the courts internal areas, infilling the area between the courts to be additional playing surface area by demolishing the concrete paving, brick structure, awning & hard surface areas to the south west corner of the courts & a new amenities building containing spaces for an office, store, bathrooms & an entertaining space with new synthetic grassed circulation areas for the property adjacent to the car parking area.

Council's Parks Referral staff have assessed the proposal against the following Warringah DCP Controls:

- C5 Erosion and Sedimentation
- C8 Demolition and Construction
- E7 Development on Land Adjoining Public Open Space

The property adjoins John Fisher Park incorporating nearby Weldon Oval and Frank Gray Oval as immediate adjoining land use with the cricket net facility directly adjoining the site.

Parks Referral consider that the proposal does not impact upon the existing recreational use and enjoyment of the adjoining land, and no objections are raised subject to the protection of public assets.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Parks, Reserves and Foreshores Conditions:

CONDITIONS THAT MUST BE ADDRESSED PRIOR TO ANY COMMENCEMENT

Works on Land Owned or Managed By Council

No works are to be carried out on land owned or managed by Council.

Note: Separate approval from Council is required for access driveways, paths, stairs, connections to

underground utilities (stormwater, gas, sewer, electricity, telecommunications etc.) and landscaping works on land owned or managed by Council.

Reason: To protect the land owned or managed by Council.

Installation and Maintenance of Sediment and Erosion Control

Prior to commencement of works on site, sediment and erosion controls must be installed along the immediate downslope of the works area in accordance with Landcom's 'Managing Urban Stormwater: Soils and Construction' (2004).

The erosion controls shall be maintained in an operational condition until the development activities have been completed and the site fully stabilised. Sediment shall be removed from the sediment controls following each heavy or prolonged rainfall period.

Techniques used for erosion and sediment control on site are to be adequately maintained and monitored at all times, particularly after periods of rain, and shall remain in proper operation until all development activities have been completed and the site is sufficiently stabilised with vegetation.

Reason: To protect the surrounding environment from the effects of sedimentation and erosion from the site.

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

No Access Through Land Owned or Managed by Council

Site access is not approved for delivery of materials nor construction of the development through adjacent land owned or managed by Council, without the written approval of Council.

Reason: Public safety, landscape amenity and tree protection.

Storage of Materials on Land Owned or Managed by Council Prohibited

The dumping or storage of building materials, spoil, vegetation, green waste or any other material in land owned or managed by Council is prohibited.

Reason: Public safety and environmental protection.

Protection of Council's Public Assets

Any damage to Council's public assets shall be made good by the applicant, and/or the contractor, to the satisfaction of Council.

Council's public assets include, but is not limited to, the following: road, kerb and gutters, crossovers, crossings, paths, grass verge, open space and associated elements such as furniture, recreational facilities and the like, within the meaning of the Local Government Act 1993.

Existing trees shall be protected in accordance with AS4970-2009 Protection of Trees on Development Sites, with particular reference to Section 4, with no ground intrusion into the tree protection zone and no trunk, branch nor canopy disturbance.

Should any problems arise with regard to the existing trees on public land during the construction period, the applicant is to immediately contact Council's Tree Services section and resolve the matter to Council's satisfaction.

Reason: To protect and/or restore any damaged public asset.
