**RE: DA2019/1478 - 1 Narrabeen Park Parade NORTH NARRABEEN NSW 2101**

The thought that this application is being requested again is horrendous Before I moved here in January 2015 I lived in a block of units in Guildford For the last 4 years living there my life was made a misery by just the same sort of development proposed, If it goes ahead the people next to and above will live in total fear of the noise projecting into their homes making their lives a misery and impinging on the value of their lovely homes and their ability to have guests spending time with them outdoors As i now live in the caravan park as a permanent resident I am enjoying the peace and quiet even with the park full there is little if any evening noise. The park visitors too will be subjected to the noise and will not be happy either. Notwithstanding all the problems noise will create the encroachment onto public land is just not acceptable
