RE: DA2024/1249 - 0 East Esplanade MANLY NSW 2095

In favour public toilets being moved to ground level.

Not in favour of Brewery OR Live Music venue as it may

- 1) significant increase noise pollution
- 2) negatively impact enjoyment of others of surrounding areas which is regularly used by families
- 3) increase negative social behaviours
- 4) additional traffic (foot & vehicles) around already crowded area
- 5) Lots of multiple breweries nearby . Space would be better utilised for families , additional tables & seats, more open space on wharf , etc

Finally not in favour of changing name from Manly Wharf Bar to Felons Bar which has not roots/ties to location.
