SUBMISSION ON MODIFICATION 2023/0684

OBJECTION TO EXTENDED HOURS AS SPECIFIED IN THE MODIFICATION

Although I am very pleased that 'The Joey' has reopened and will definitely be supporting it, I do not feel that its hours of opening should be extended to 11 pm every night of the week for the summer and winter seasons. These hours would only be necessary for a function centre not a local and family restaurant in a suburb such as Palm Beach. It would put undesirable pressure on the Crown Land Governor Phillip Park and its surrounds.

I feel that late night opening to 11 pm on Friday, Saturday and Sunday evenings is sufficient and on all other evenings the restaurant should close at 9.30 pm.

I am surprised to see that 'The Joey' website states that it can accommodate up to 250 people for a function when they have approval for a maximum of 152 patrons. Presumably, this is something the Council will be discussing with them as it has severe implications, not least the safety of patrons and staff.
