**RE: DA2021/0212 - 5 Skyline Place FRENCHS FOREST NSW 2086**

My wife and I have purchased a unit in Stage 1 of Jadin. We are not supportive of the development proposal for the 2nd Stage of the complex as proposed by the developers. Our objection relates to the height of the proposed 11-12 story "towers" which are not in keeping with the Stage 1 development or the character of the surrounding area.

We are supportive of a Stage 2, however, our view is that any further buildings should be a maximum of 5 stories so as to be consistent with Stage 1 and the urban density of the surrounding area.
