RE: Mod2021/0983 - 231 Whale Beach Road WHALE BEACH NSW 2107

It has recently come to my attention the changes to the above development application. As a local resident of many years I find it quite distressing that the restaurant size and hours being considered have been increased so dramatically along with extended hours of operation and the serving of alcohol. Not only will the traffic be greatly increased but the parking will become even more impossible and I can only imagine the noise level as patrons leave. I cannot possibly see how another venue of this scale is in keeping with the character of Whale Beach. Certainly, I feel the locals will be ones to suffer if this goes ahead in its proposed form.
