RE: DA2018/1708 - 195 Sydney Road FAIRLIGHT NSW 2094

Fairlight is a character filled suburb full of weatherboard cottages there is no precedent for this type of development because it's not wanted.

It will change the nature of our family oriented neighbourhood and replace with vagrants
I notice a n alcohol ban which will be impossible to enforce! The whole thing stinks
Further it was originally touted as luxury apartments and they have changed the application
these developer have no integrity
