**RE: DA2024/0123 - 10 Inman Road CROMER NSW 2099**

I am looking forward to having this studio open in Cromer, I attend another studio of theirs however this one will be beneficial for me too as I can attend the lunch time classes with my wife which is close to her work.

I am 82 years of age and their Beginner classes are great for an old man like me! They keep me moving and the trainers are like none I have come across, they really know their stuff.

The area of Cromer used to be a nothing zone, now if you look around there are shops, apartments and cafes being built and to add a Pilates Studio to the area, would be beneficial for the residents, workers in the area and of course all of the staff they will employ.

Since starting with Feels Pilates back in 2022, I have been able to move better, have been able to get back on my bike and walk longer distances. This company truly is an icon on the northern beaches, giving so many of us older generation a purpose in our daily activity.
