Subject: DA 2020/0468 damage to road safety sign

Attention Thomas Prosser

Ongoing concerns with Harbord Hotel disturbance

Over the last week I have been woken up by patrons leaving Harbord Hotel after midnight

On each occasion this occurred at approximately 12.15am.

On Monday 8 June this included drunks trying to dismantle safety signs at 3 locations around the Moore rd/ Charles Street intersection/roundabout

The result for one give way sign is evident in photos
Ready to fall over and facing wrong way

The road safety concern is one aspect

Disturbance after midnight is another

If disturbance continues after closing time then closing time needs to be before midnight
11pm or 11.30pm

Bottles and cans left on neighbouring properties continue to be a concern

Please arrange repair of road safety sign, should be charged back to hotel,

Regards Jeff Bembrick
