**RE: DA2019/0812 - 33 Starkey Street FORESTVILLE NSW 2087**

I have already made one submission. This time I am writing to advise you that there is a large body of opposition to the proposal from people in our community who are unable to communicate using your website whether due to ageing &/or lack of computer skills.

Consequently a signed petition is being prepared to allow these people to voice their opposition. This information is being collected by my neighbour Mr Abraham Bilbosian of 36 Cannons Parade. He will communicate this to Principal Planner Clare Ryan in coming days before the due date for submissions.

Regards  
Peter Clark
