**Subject:** DA Application No: DA2023/1708 Manly Warringah Gymnastics Club new facility

Dear Council,

It has been brought to my attention Manly Warringah Gymnastics Club has submitted an application to build a new state of the art facility reference DA2023/1708.

The Club provided a wonderful platform and culture for my children 20+ years ago & I hope now my grand children will benefit from what is proposed to be a magnificent facility to allow gymnasts to excel at their selected sport.

I lend my support to this application and trust The Northern Beaches Council will see the wisdom in approving and participating in this wonderful project for the benefit of our extraordinary Beaches community.

Regards  
Bruce Wickham
