---

The is that the Pittwater Council "URBAN PLANNING" may be FLAWED for MANY YEARS,

**So the ROUTE CAUSE may be AT NSW STATE GOVT ???**

The Mona Street Site could be USED as a "RE-LOCATION SITE" for the Pittwater Palms Retirement Village, that "Reports on Northern Beaches Council web-site" confirm it is subject to Overland Flooding ?

HAVING SEEN the Pittwater Council staff give FALSE EVIDENCE to the Council Meeting the "Cover-up" continued.

Sydney Water are proposing disposing of "Surplus Land" but the Pittwater Council acquired land east of The High School to use as a "PARK". but is that ZONING "improper?" and it should be a "Wildlife Corridor ?" going east to ?
