Reference Number: MOD 2024/0083

Atten: Mr. Gareth David,

Dear Mr. David,

We are aware of the demolition of the business precinct at the bottom of the Tango Ave Steps, we have found out that the new development will close the current walk pass from the bottom of the Tango Ave steps to Delmar Parade. This will cause lots of difficulty for old people and young kid who want to catch the bus at Dee Why and also for people who do not drive, but walk to shops and catch bus to work in the busy morning traffic, also imagine those people hand carry heavy shopping bags walking back to Tango Ave steps. We need a short walking pass! We strongly ask council to consider to keep the walking pass for people lives in the areas.

Thanks for your attention and appreciate for your kind help!
