RE: Mod2021/0668 - 48 A Queenscliff Road QUEENSCLIFF NSW 2096

Dear Alex, I have looked at the proposed landscaping plans. As you would know this has been an ongoing development which has definitely impacted on it's neighbours .Extreme noise and dust, not to mention significant loss of views have been problematic to us. i am quite concerned that this noise and dust will all return(I realise our views won't) I am concerned about access to this part of the property with machinery , the cutting of rocks and other activities associated with this proposed project. I feel we have put up with enough from this applicant. Sincerely Robyn Wormald.
