Subject: Telstra Tower Proposal

Morning Ray

We wish to support the the above proposal.

As you are aware there are many residents within the village having BIG problems with mobile reception.

Mobile communication within the village is appalling and many residents rely on their mobile.

The Dardanelles and many other parts of the village have next to no reception.

The DA lodged by RSL Lifecare needs to be approved ASAP.

Elaine & Elton RAY

Dardanelle 124
