RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085

I am in favour of this development and consider this as an essential development which Council should support by granting approval in light of the State planning system acceleration program to support productivity, investment and jobs. This development will create jobs for the State and local community. Council should take an objective position and grant the DA as the DA ticks all the boxes for a well considered and planned development plan for the community.
