RE: DA2024/0675 - 84 Mona Vale Road MONA VALE NSW 2103

I think this is a fantastic use of existing club land. Pickleball has taken the world by storm and on the Northern Beaches in particular. There is an enormous lack of courts given the sheer volume of people taking the sport up. It's also very inclusive, with people of all ages able to play. It facilitates social, community and physical well-being and encourages people to connect in a very disconnected world. I think the conversion of a carpark for Pickleball courts is a fantastic use of RSL assets and land. Yet again serving it's community in a way that is embracing and all inclusive.
