RE: DA2020/0552 - 181 Allambie Road ALLAMBIE HEIGHTS NSW 2100

Re DA 2020/0552 Construct of a Seniors Living Development

No No No No No

Please do not approve this developer to destroy bushland at Manly Dam.
This is crown land, meant for the public not to be developed by the highest bidder.
To the developer this might be "Just 100 trees and bushes", but it's actually part of an ecosystem. The wildlife need these areas. It also has high ecological value and should be zoned for conservation.

Please do not allow any more encroachment into Manly Dam.

I strongly urge council to NOT approve this application for the sake of humans and wildlife.
We need to start protecting our green spaces.

Many Thanks
Asha Kovel
