RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

I object to this proposal as it may present a health hazard to my family. Scientific evidence concerning electromagnetic radiation in residential areas has not reached a consensus of safety. Further, this tower represents an eyesore and is not necessary for continues mobile phone use. Mobile phone signals already work well-enough in this area.
Thank you.
