Dear Benjamin

**RE: Addendum Letter – Hours of Operation regarding DA2019/1084 for Shop2, 29-33 The Corso, Manly**

This letter requests a minor amendment to the hours of operation as proposed under DA2019/1084 which seeks consent for the use and fit-out of the subject tenancy for a Woolworths Metro store as well as external alterations and identification signage at Shop 2, 29-33 The Corso, Manly (the site).

The DA application (DA2019/1084) proposes the hours of operation as follows;

*“Woolworths as the new occupants of the site are proposing to trade between 6am – 11pm 7 days a week.*

*In addition, low impact back of house activities is proposed to be permitted an hour either side of opening/closing. Activities outside of trading hours will be limited to low impact activities such as restocking of the store, cleaning/maintenance and any other activities required to allow for efficient day to day operations to occur at the use.”*

The Applicant wishes to make a slight amendment to the proposed hours of operations proposed in DA/2019/1084 as follows;

- Monday to Thursday: 06:00am - 11:00pm – no change from proposed DA2019/1084;
- Friday- Saturday: 06:00am – 12:00pm (midnight) – Proposes one (1) additional trading hour from the proposed DA2019/1084; and
- New Year’s Eve / New Year’s Day – Proposing to trade from 06:00am to until 03:00am.

In addition, (similarly as proposed in DA2019/1084) low impact back of house activities is proposed to be permitted an hour either side of opening/closing. Activities outside of trading hours will be limited to low impact activities such as restocking of the store, cleaning/maintenance and any other activities required to allow for efficient day to day operations to occur at the use.

This proposed change in minor and nature and will not result in any additional impacts that are otherwise noted or addressed in the SEE.
