Manly NSW 2095

**RE: DA2021/2065 - 0 Market Lane MANLY NSW 2095**

As a resident living across the road from the proposed development, I am concerned about noise from music late at night, as well as noise from patrons leaving the area who have consumed a lot of alcohol.

Given it is an outdoor venue, noise from music isn't dampened down by the walls/roof.

Is there any information available about intended hours of operation? I couldn't see it amongst the documents provided.
