RE: REV2022/0024 - 394 Barrenjoey Road NEWPORT NSW 2106

I disagree with the SNPP's refusal of the Newport SLSC's Club Renovations DA and support the Newport Surf Life Saving Club's proposed Clubhouse renovations.

I have been a Newport resident for almost 30 years and a Newport active patrolling member for over 10 years.

The proposed Clubhouse renovations will provide the following benefits to the club and the Newport Community.

- Extra storage to facilitate Surf Life Saving Patrol, training purposes and Competition purposes.
- Upgraded Clubhouse facilities to bring them into line with current WH&S standards.
- Improved and upgraded 1st Aid Room and Council Lifeguard facilities.
- Improved disabled access and lift provisions to cater for disabled and non-ambulant patrons and visitors (including removing internal floor level changes that currently restrict the terrace's use for non-ambulant patrons).
- Improved and upgraded public amenities facilities with increased female facilities for both public and club patrons.
- Improved hall and club room spaces which enable areas to be utilised concurrently and open more Clubhouse areas for potential broader community uses.

I urge the panel to reconsider the decision and support the current DA proposal.
