Dear Ma'am,

Re: "Structural Certification" – Timber Log Retaining Walls at 34 Elanora Road, Elanora Heights

I, Edward A Bennett, practicing Civil, Structural, Geotechnical, and Environmental Engineer, hereby confirm that I inspected the condition of the several timber log retaining walls at the above address, and I confirm that these walls whilst being constructed some time ago, are Structurally Adequate, such that I am able to issue this "Certificate of Structural Adequacy" for these walls.

Yours faithfully,

E.A. Bennett M.I.E. Aust. Cp Eng. NPER 198230, Member AGS, BDC 0820, RPEQ 4541
