Subject: da2022/1320 OBJECTION

Good afternoon

I would like to object to the proposed loss of yet more car parks in Freshwater

We can barely park now let alone losing a further car spaces

The original DA had these parked to remove these parking spots was rejected by your offices for this exact reason and now the tenants want not only to remove 2 more car spaces from Freshwater but create an out-door drinking area for their benefit ?

We can't park at the best of times , their employees all park in parking spots designated to other businesses already !!!

Kind regards
Georgina Sawyer
1-3 Moore Rd Freshwater
