RE: DA2020/1039 - 15 Jubilee Avenue WARRIEWOOD NSW 2102

Please do not accept this terrible proposal.

As a local worker I do not understand how it can even be considered. Everyday we get grid lock traffic from the current 3 roundabouts. People take their lives in their own hands just to cross the busy street.

And you want to add more traffic.

From 3pm each afternoon we cannot even turn right out of our work driveway due to the high level of traffic.

And if we are late to work and need to park on the street its impossible after 8.30am. Making it harder for working parents.

I really do not see how you can only plan for 10 car spaces with over 110 staff. And what about visitors to the site.

Putting more and more cars on the already choked up roads.

With the thought of a daily petrol tanker in the mix has me terrified at the possible accidents that can occur.

Please do a new updated traffic report while school is on so you can see the impact this proposal will have to the area.

Daily I watch our local postman dodge traffic to go from one side of Ponderosa pde to the other. I hate to think what would happen if this proposal is granted.
