RE: REV2022/0024 - 394 Barrenjoey Road NEWPORT NSW 2106

Team,

Please do not approve this application. Independent experts declined it, and because the outcome isn't what Surf Lifesaving wants to hear, the application seems to be finding its way to being approved by some other nefarious means.

While I very much appreciate the great work SLSC does, we can't have them wreck the beach to do it. Alas, there won't be a beach to patrol if this development goes ahead.

Thank you for your consideration of this submission.
