MS Kathryn Young
8 / 10 Oaks AVE
Dee why NSW 2099

RE: Mod2017/0106 - 894 Pittwater Road DEE WHY NSW 2099

Dear Council

I wholeheartedly object to this extension of hours to 14 hours a day and all day Saturday.

I live directly next door and face Oaks avenue and the noise from the trucks in general and loading of materials using the crane echoes and shakes the windows as is only 10-15metres away from us. The constructurion noise, vibrations and excess traffic is bad enough during normal hours.

We should not have to endure this increase of hours after normal business hours when most residents including children, elderly and families are home and need quiet family time after school and work.

Please do not approve this. Direct neighbours need to be taken into consideration.

Regards
Kathryn
