**RE: DA2019/0191 - 2 A West Street BALGOWLAH NSW 2093**

I would like to object to this DA.

The public land should not be used for a private development.

This is a walkway that is frequently used by the public and should not be removed. It should remain accessible by the public.

I regularly use this walkway for weekend walks and would be devastated to see the destruction of the wildlife habitat along this street.
